- Unit Testing

WORK EXPERIENCE

Software Engineer I, Full Stack

August 2020 - June 2022

[NovaCredit, Inc](http://NovaCredit.Inc) | Startup focused on financial access for Newcomers to the US

- Assisted in hosting and organizing a company-wide hackathon, providing prizes and criteria for judges.
- Successfully conducted A/B tests for new features and ui flows alongside product managers.
- Worked on converting the pre-existing internal API to an externally used public API, including documentation, bug bashes and full ownership over several countries and features.
- Fully scoped and built frontend components to improve the speed of internal processes.
- Built end to end and unit tests for frontend flows as well as backend functions.
- Conducted interviews/shadowed for mid-senior level candidates.
- Worked alongside product managers to meet external and internal stakeholder expectations in a timely manner.

Software Engineer, Intern

Summer 2019

[QuickBase, Inc](http://QuickBase.Inc) | Low code app development platform for businesses

- Worked with UI/UX designers to convert design mockups to responsive web application features.
- Worked alongside other interns to modify, debug and implement new features through pair-programming.
- Consistently exceeded the expectations of supervisors throughout the course of the internship.
- Leveraged knowledge in Full Stack Web Development, React.js, Git and debugged using Chrome Developer Tools

SOFTWARE PROJECTS

[Mobile Game for Android](#)

- Developed a mobile strategy application using C# and Unity that allows players to compete against an AI of varying levels of difficulty.
- Integrated premade visual assets, royalty free sounds and sound effects into a cohesive user experience.
- Demoed at Florida Polytechnic's Video Game Expo as a PC game, then converted to a mobile game.
- Utilized: C#, Unity, Google Play Store

LEADERSHIP

National Society of Black Engineers - Florida Polytechnic Chapter

Treasurer

- Planned and successfully completed conference registration, hotels and airfare to take 14 members from Lakeland, Florida to San Antonio Texas for NSBE's National Convention.
- Oversaw and organized every purchase made by the club for events, meetings etc.

EDUCATION

B.S COMPUTER SCIENCE

Spring 2020

- Florida Polytechnic University, Lakeland, Florida 3.54 Final GPA
